

Strengthening Our Communities Since 2015

First Fed Foundation is a private charitable corporation that began making grants in 2015, thanks to a generous gift valued at nearly \$12 million from the parent company of First Fed, when the bank was converted to a publicly traded company.

The Foundation is committed to supporting nonprofits, tribes, school districts, and government agencies that provide critical, timely assistance and build a brighter future for low- to moderate-income, disadvantaged, and/or marginalized persons and families in Clallam, Jefferson, Kitsap, and Whatcom Counties, in the state of Washington. Giving totals \$8,194,000 to date, and has been allocated to the following funding priorities:

\$3,005,000 to community development projects.

\$2,139,300 to organizations addressing homelessness and the availability of and access to affordable housing.

\$1,464,700 to organizations providing a wide array of critical, life-enhancing support to members of our communities.

\$1,365,000 to efforts that stimulate and support jobs and economic development.

\$220,000 to organizations that addressed hardships caused or exacerbated by the COVID-19 pandemic.

2026 Contributions
